

ORDINANCE NO. 1452

AN ORDINANCE granting a license to the Plantation Pipe Line Company, a Virginia and Delaware Corporation, to construct, maintain and operate a pipe line across portions of South Quaker Lane, Telegraph Road, Duke Street, King Street, Commonwealth Avenue, Braddock Road and Monroe Avenue in the City of Alexandria, Virginia.

THE CITY COUNCIL OF ALEXANDRIA HEREBY ORDAINS:

Section 1. That Plantation Pipe Line Company, a Virginia and Delaware Corporation, its successors and assigns, hereinafter referred to as the Plantation Pipe Line Company or the Company, be and it hereby is granted a license to construct, maintain and operate a pipe line of a diameter not to exceed six and five-eighths inches (6 5/8") nominal for the purpose of transporting petroleum or petroleum products, including aviation kerosene and/or turbine engine fuel (but excluding aviation gasoline and motor gasoline), across portions of South Quaker Lane, Telegraph Road, Duke Street, King Street, Commonwealth Avenue, Braddock Road and Monroe Avenue; and that said pipe line shall cross the said streets and shall traverse the City along the route shown in the drawings hereinafter referred to in Section 3 of this ordinance.

Section 2. That said Company shall install said pipe line in such a manner as not to interfere with the use of said streets by the public and shall install said pipe line in accordance with all applicable safety laws and regulations, including but not limited to the standards set out in the United States of America Standards Institute Code, B31.4-1966. That the pipe to be used shall be the type known as American Petroleum Institute 5L Grade B. That the petroleum or petroleum products transmitted through the said pipe line shall be only those listed in Section 1 above of this ordinance. That said Company shall maintain and keep said pipe line and its contents in a safe and proper condition and shall indemnify and save harmless the City of Alexandria, Virginia from and against any and all liability or loss to persons or property by reason of the construction, maintenance or operation of said pipe line. That the privilege or license hereby granted shall be subject to the said Company, its successors and assigns, maintaining public liability and property damage insurance indemnifying the City of Alexandria, Virginia, which policy or copy thereof shall be presented forthwith to the City Attorney for approval.

Section 3. That said pipe line shall be located in accordance with the drawings of the said Plantation Pipe Line Company filed with the Director of Planning and Urban Renewal entitled Washington Terminal to Washington National Airport Nos. X-WA-WN-5, 6 and 7 of Revision 1, dated June 18, 1967; that said drawings must be certified by a registered professional engineer prior to commencement of construction of the said pipe line; and that minor changes in location, not involving changes in the general location of the said pipe line, may be made with the approval of the City Manager, or his duly authorized representative.

Section 4. That the location and installation of said pipe line shall be under the supervision of the City Manager of the City of Alexandria, Virginia, or his duly authorized representative. That the said Company, its successors or assigns, shall report to the City Manager at intervals of no more than one year, commencing with the 31st day of January, 1968, the type of petroleum product or products that has been transmitted through the said pipe line during the preceding year and what petroleum product or products are anticipated to be so transmitted during the succeeding year.

Section 5. That the said Company, its successors and assigns shall not disturb, break or dig up any portion of a public street for the purpose of locating, installing, constructing or maintaining said pipe line without first having obtained a written

permit from and deposited adequate security with the City of Alexandria, Virginia, as required by the laws of the said City.

Section 6. That the safety standards and indemnity obligations set forth in this ordinance shall apply to the entire pipe line of the said Company within the City of Alexandria, Virginia.

Section 7. That the said Plantation Pipe Line Company, its successors or assigns, shall remove or relocate its facilities at no cost to the City within 120 days after request by the City for such removal or relocation because of violation of this ordinance or in the reasonable exercise of the police power of the City or where the Company's facilities are located within streets, alleys or public places existing at the time of the passage of this ordinance and at the following locations where the Company has been informed of the possible need for relocations, namely:

Northeast Expressway.

Monroe Street Bridge

Braddock Road Storm Sewer Outfall

King Street, Russell Road and Callahan Drive Intersection.

Commonwealth Avenue Underpass Widening.

King Street Underpass Widening.

Duke Street-Diagonal Road Interchange.

Strawberry Run Storm Sewer.

Cameron Run Widening.

Wheeler Avenue Extension.

Clermont Avenue Underpass Widening.

Duke Street and Telegraph Road Improvement.

Section 8. That said Company will place location signs twelve inches by twelve inches (12" x 12") within fifty (50) feet of the right of way line of each street, stream or sewer crossing the said pipe line; such signs shall state the name of the said Company, its successor or assign, and an emergency telephone number; and such signs shall be maintained at all times in a legible condition.

Section 9. Upon satisfactory completion of the installation of the said pipe line as shown on the drawings set out in Section 3 above, the said Company shall submit to the City Manager an "as built plan" certified by a registered professional engineer, for review and approval for conformity with the said drawings set out in Section 3 before the said pipe line is put in use. No later than January 31 of each year, the City Manager shall be furnished by the Plantation Pipe Line Company, its successors or assigns, with a plat certified by a registered professional engineer showing any changes or repairs that have taken place during the previous year.

Section 10. That this ordinance shall be published in a newspaper of general circulation in the City not later than five days following its introduction together with a notice containing the time and place for a public hearing. The Clerk of the Council shall note the date of introduction and first reading, the date of publication, the date of the public hearing, and the date of the second reading and final passage in the minutes of the meeting. This ordinance shall become effective the date of its final passage.

CHARLES E. BEATLEY, JR.
MAYOR

Final Passage: October 24, 1967
