- (1) Form of deed. Seller shall convey to purchaser title to the property by general warranty deed, containing such covenants as are set forth in this agreement. Such covenants shall be covenants running with the land. Such deed will provide for revesting of title in seller if purchaser should be in default with respect to this agreement for the rehabilitation of the property. The property shall be sold in "as is" condition, with no warranties or guarantees other than as to title to the realty. The property is to be sold free of lien or other encumbrance, subject, however, to covenants, conditions and restrictions of record, if any.

If the amount of the current taxes on the property is not ascertainable on that date, the apportionment between seller and purchaser shall be on the basis of the amount of the most recently ascertainable taxes on the property, but the apportionment shall be subject to final adjustment within ten (10) days after the date the actual amount of current taxes is ascertained.
- (4) Recordation of deed. Purchaser shall promptly deliver the deed to the Clerk of the Circuit Court of the City of Alexandria for recordation among the land records. Purchaser shall pay all the costs for recording the deed.

#### B. DEPOSIT

#### C. PLANS AND SPECIFICATIONS

- (1) Purchaser shall rehabilitate the property for residential use by developing and following plans and specifications which are in conformity with the City of Alexandria's program for the elimination of blight and with all applicable federal, state and local laws and regulations. Such plans and specifications must be specifically approved by the City of Alexandria's Board of Architectural Review for the Parker-Gray Historic District.
- (2) Purchaser agrees to notify seller in writing of any application for a subdivision, change in zoning and/or approval of the board of architectural review.
- (3) Within thirty (30) days after settlement, the purchaser agrees to furnish to the City's Office of Housing the Schedule of Repairs and Improvements (Attachment #1), outlining work to be done so that the property will meet Alexandria code and regulatory requirements, and the approximate date by which each category is to be completed.

D. TIME FOR COMMENCEMENT AND COMPLETION OF CONSTRUCTION

- (1) Rehabilitation of the improvements referred to in this agreement and as set forth in Attachment #1 shall be completed no later than one (1) year from the date of settlement. On or before this date, a Certificate of Occupancy is to be obtained by purchaser and furnished to seller as more particularly described in Paragraph E of this agreement.
- (2) Purchaser agrees for itself, its successors and assigns, and every successor in interest to the property, or any part thereof, the deed shall contain covenants on the part of purchaser for itself and its successors and assigns, that purchaser, and its successors and assigns, shall promptly begin and diligently complete the rehabilitation of the property, and the construction shall in any event be begun and completed within the period specified above in Paragraph D1. It is intended and agreed, and the deed shall so expressly provide, that these agreements and covenants shall be covenants running with the land, binding for the benefit of the community and seller, and enforceable by seller against purchaser and its successors and assigns to or of the property or any part thereof for any interest therein.

E. CERTIFICATE OF COMPLETION

- (1) Promptly after completion of the rehabilitation of the property in accordance with the terms of this agreement and in compliance with all regulatory requirements as evidenced by the issuance of a Certificate of Occupancy, seller will furnish purchaser with an appropriate instrument so certifying. The certification by seller shall be and it shall be so provided in the deed and in the certification itself a conclusive determination of satisfaction and termination of the covenants in the agreement and the deed with respect to the obligations of purchaser and its successors and assigns to rehabilitate the property. The certification shall be in such form as will enable it to be recorded.
- (2) If seller shall refuse or fail to provide the certification, seller shall, within ten (10) days after written request by purchaser, provide purchaser with a written statement indicating in adequate detail how purchaser has failed to complete the construction of the improvements, including but not limited to code violations and exterior features not in conformity with this agreement and the proposal submitted, and what measures or acts will be necessary, in the opinion of

seller, for purchaser to take or perform in order to obtain the certification.

- (3) Once the certification is obtained, the purchasers will not be subject to loss of title under this agreement for subsequent violations of regulatory requirements.

#### F. COVENANTS BINDING UPON SUCCESSORS IN INTEREST; DURATION

It is intended and agreed, and the deed shall so expressly provide, that the covenants provided in Paragraphs D1, G and H shall be covenants running with the land binding to the fullest extent permitted by law and quite for the benefit and in favor of, and enforceable by, seller and its successors and assigns against purchaser, its successors and assigns, and every successor in interest to the property or any part thereof or any interest therein, and any party in possession or occupancy of the property or any part thereof.

#### G. PROHIBITION AGAINST TRANSFER OF PROPERTY

Purchaser has not made or created, and (except as permitted under Paragraph H) will not prior to the completion of the improvements as certified by seller, make or suffer to be made (1) any sale, conveyance, lease or other transfer of the property or any part thereof or interest therein, (2) any assignment of this agreement or any part thereof, or (3) any contract or agreement to do any of the same, without prior written approval of seller.

#### H. LIMITATION UPON ENCUMBRANCE OF PROPERTY

- (1) Prior to the rehabilitation of the improvements and issuance of the certificate of completion by seller, neither purchaser nor any successor in interest to the property shall engage in any financing or any other transaction creating any mortgage or other encumbrance or lien upon the property, whether by express agreement or operation of law, or suffer any encumbrance or lien to be made on or attached to the property, except for the purposes of obtaining (a) funds only to the extent necessary for making the improvements and (b) such additional funds, if any, in an amount not to exceed the purchase price paid by purchaser to seller. Provided that, until issuance of the certificate of completion, purchaser (or successor in interest) shall notify seller in advance of any financing, secured by mortgage or other similar lien instrument, it proposes to enter into with respect to the property, and of any encumbrance or lien that has been created on or attached to the property, whether by voluntary act of purchaser or otherwise.

- (2) Purchaser shall not enter into any financing agreement that does not provide for notice to seller of any default by purchaser in the repayment thereof.

#### I. MORTGAGEES NOT OBLIGATED TO CONSTRUCT

Notwithstanding any of the provisions of this agreement, including but not limited to those that are intended to be covenants running with the land, the holder of any mortgage authorized by this agreement (including any holder who obtains title to the property or any part thereof as a result of foreclosure proceedings, or action in lieu thereof, but not including (1) any other party who thereafter obtains title to the property or such part from or through such holder (2) any other purchaser at foreclosure sale other than the holder of the mortgage itself) shall not be obligated by the provisions of this agreement to construct or complete the rehabilitation of the improvements or to guarantee such rehabilitation or completion; nor shall any covenant or any other provision in the deed be construed to so obligate such holder.

#### J. LEAD-BASED PAINT REQUIREMENTS

- (1) The purchasers are hereby given notice that the property was constructed prior to 1973, and may have at some time in the past, been painted with lead-based paint inside and/or outside and that such surfaces may be covered with such paint. Applicable surfaces are all exterior surfaces of a residential structure, up to five feet from the floor or ground, such as a wall, stairs, deck, porch, railing, window, or doors, which are readily accessible to children under seven years of age, and all interior surfaces of a residential structure. The hazards, symptoms and treatment of lead-based paint poisoning (including maintenance and removal techniques for eliminating such hazards) are contained in Appendix 1, attached hereto, and made a part hereof.
- (2) The rehabilitated unit shall be in compliance with HUD lead-based paint regulations, 24 CFR Part 35, issued pursuant to the Lead-Based Paint Poisoning Prevention Act, 42 U.S.C. 4821-4846, and the purchaser shall provide a certification that the building is in accordance with such HUD regulations.

#### K. ENFORCED DELAY IN PERFORMANCE

Neither seller nor purchaser, nor any successor in interest, shall be considered in breach or default of its obligations with respect to preparation of the property for rehabilitation or commencement and completion of rehabilitation of the improvements, in the event

of enforced delay in the performance of such obligations due to unforeseeable cause beyond its control and without its fault or negligence. The time for the performance of the obligations shall be extended for the period of the enforced delay, as determined by seller, if the party seeking the extension shall request it in writing of the other party within ten (10) days after the beginning of the enforced delay.

#### L. REMEDIES

- (1) In general. Except as otherwise provided in this agreement, in the event of any default in or breach of the agreement, or any of its terms or conditions, by either party hereto, or any successor, such party (or successor) shall, on written notice from the other, cure or remedy such default or breach no later than (10) days after receipt of such notice. Said notice to the party in default or breach shall be given by certified mail or hand delivery. Purchasers agree to notify the City in writing of any changes in address. If the default or breach shall not be cured or remedied within ten (10) days of receipt of the notice, the aggrieved party may institute such proceeding as may be necessary or desirable in its opinion to cure and remedy such default or breach, including, but not limited to, proceedings to compel specific performance by the party in default or breach of its obligations.
- (2) Prior to conveyance. In the event that prior to the conveyance of the property and in violation of this agreement purchaser assigns or attempts to assign this agreement or any rights hereunder, or there is any change in the ownership or distribution of the stock of purchaser or with respect to the identity of the parties in control of purchaser or the degree thereof, or purchaser fails to pay the purchase price and to take title to the property on tender of conveyance by seller, then this agreement and any rights of purchaser in this agreement may at the option of seller be terminated by seller and the deposit may be retained by seller as liquidated damages. In the event that seller does not tender conveyance or possession of the property as provided in this agreement, then this agreement shall at the option of purchaser be terminated by purchaser and the deposit returned, without interest, to purchaser.
- (3) Revesting title in seller upon happening of events subsequent to conveyance to purchaser. In the event that subsequent to conveyance of the property or any part thereof to purchaser, and prior to completion of

rehabilitation of the improvements as certified by seller:

- (a) Purchaser (or any successor in interest) shall default in or violate its obligations with respect to the rehabilitation of the improvements (including the nature and the dates for the beginning and completion thereof), or shall abandon or substantially suspend rehabilitation, and any such default, violation, abandonment or suspension shall not be cured or ended within thirty (30) days after written demand by seller so to do; or,
- (b) Purchaser (or any successor in interest) shall fail to pay real estate taxes or assessments on the property or any part thereof when due, or shall place thereon any encumbrance or lien unauthorized by this agreement, or shall suffer any levy or attachment to be made, or any materialman's or mechanics' lien, or any other unauthorized encumbrance or lien to attach, and such taxes or assessments shall not have been paid, or the encumbrance or lien, removed or discharged or provisions satisfactory to seller made for such payment, removal, or discharge, within thirty (30) days after written demand by seller so to do; or,
- (c) There is in violation of this agreement, any transfer of this property or any part thereof, any change in the ownership or distribution of stock or purchaser or with respect to the identity of the parties in control of purchaser, and any such violation shall not be cured within the (10) days after written demand by seller to purchaser, then seller shall have the right to re-enter and take possession of the property and to terminate (and re-vest in seller) the estate conveyed by the deed to purchaser, it being the intent of this provision, together with other provisions of the agreement, that the conveyance of the property to purchaser shall be made upon, and that the deed shall contain, a condition subsequent to the effect that in the event of any default, failure, violation, or other action or inaction, within the period and in the manner stated in this subparagraph, seller at its option may declare a termination in favor of seller of the title, and of all rights and interest in and to the property conveyed by the deed to purchaser, and that such title and all rights and interest of purchaser, and any assigns or successors in interest of purchaser,

and any assigns or successors in interest to and in the property, shall revert to seller; provided that such condition subsequent and any reversion of title as a result thereof in seller shall always be subject to and limited by, and shall not defeat, render invalid or limit in any way (1) the lien of any mortgage authorized by this agreement, and (2) any right or interest provided in the agreement for the protection of the holder of such mortgage. In addition to the right of re-entry and reversion of title provided for in the preceding sentence, upon the occurrence of a default failure or violation by purchaser as specified in such sentence, seller shall also have the right to retain the deposit as liquidated damages.

#### M. RESALE OF REACQUIRED PROPERTY, DISPOSITION OF PROCEEDS

On the reversion in seller of title to the property or any part thereof as provided in Paragraph L, seller shall use its best efforts to resell the property or part thereof (subject to such mortgage liens and leasehold interest as set forth and provided for in Paragraph L) as soon and in such manner as seller shall find feasible and consistent with the objectives of applicable law to a qualified and responsible party or parties (as determined by seller) who will assume the obligation of making or completing the rehabilitation of the improvements or such other improvements in their stead as shall be satisfactory to seller and in accordance with the uses specified for such property or part thereof. On such resale of the property, the proceeds thereof shall be applied:

First, to reimburse seller, on its own behalf for all costs and expenses incurred by seller; and

Second, to reimburse purchaser, its successor or transferee, up to the amount equal to the sum of the purchase price paid by it for the property (or allocable to the part thereof) and the cash actually invested by it in performing any rehabilitation of improvements on the property or part thereof, less any gains or income withdrawn or made by it from the agreement on the property or part thereof. Any balance remaining after such reimbursement shall be retained by seller as its property.

#### N. CONDEMNATION

If there should be a divestment of title through condemnation, purchase under the threat of condemnation, or by other involuntary means, the purchasers, their heirs, executors, administrators and assigns shall be entitled to receive the net proceeds of such involuntary divestment.

O. INSURANCE

- (1) The purchaser shall, at purchaser's own cost and expense, provide and maintain and keep in force at all times until this requirement is waived in writing by the seller, fire and extended coverage insurance including flood insurance issued in the name of the purchasers with endorsements thereon naming the City of Alexandria, Virginia, as an additional named insured, protecting and covering its interest in the entire premises, an original copy of the policy to be furnished at settlement to, and approved by the seller and the face amount of said policy shall at all times during the period of rehabilitation be equal to 100 percent of the insurable value of the premises.

P. INDEMNIFICATION

The purchaser will and by these presents does agree to indemnify and save harmless and continue to indemnify and save harmless the seller, its servants and employees from all penalties, claims and demands resulting from the purchaser's use, occupancy and tenancy in the demised premises, and it is expressly understood and agreed that the seller, its servants and employees shall not be liable to the purchaser or to any person or property while in, upon or about or entering or leaving said premises at any time during the term of this agreement and all claims therefore are hereby released to the seller which may plead this release in bar thereof in any and every suit, demand and claim for same.

Q. CONTINGENT UPON CITY COUNCIL APPROVAL

## Appendix I - LEAD-BASED PAINT

Older houses and apartments often have layers of lead paint on the walls, ceilings, and woodwork. Outdoors, lead paints and primers may have been used in many places, such as on walls, fences, porches and fire escapes. When the paint chips off or when the plaster breaks there is real danger of babies and young children developing lead poisoning. Children get lead poisoning when they eat bits of paint that contain lead, or ingest lead dust which clings to furniture walls, floors and toys through mouthing of fingers.

Most children have no symptoms. When symptoms appear, they are often similar to common childhood complaints such as headaches, irritability, tiredness, loss of appetite and stomach aches. Lead poisoning can cause learning problems, behavior problems, mental retardation and even death.

Even very small amounts of lead can cause serious harm to a young child. The only way to detect lead poisoning early is to have your pediatrician or clinic perform a finger-stick blood test for lead. Do this if you detect symptoms.

If a child is seen putting pieces of paint or plaster in his mouth, he should be taken to a doctor, clinic or hospital as soon as possible. Do not wait for signs of poisoning.

The Purchaser or his contractor shall inspect for defective paint surfaces (paint on applicable surfaces that are cracking, scaling, chipping, peeling or loose). Treatment of defective paint conditions shall be included in the Purchaser's Schedule of Repairs and Improvements, which appears as Attachment #1 to the Agreement for Sale and Rehabilitation of 1114 PRINCESS STREET, Alexandria, Virginia. The Purchaser must treat defective paint surfaces by either covering or removing the defective paint surfaces. Covering may include adding a layer of gypsum wall board; a Fiberglass cloth barrier; or, if wall conditions permit, wallpaper which is permanently attached and not easily removed. Methods for paint removal include scraping; heat treatment (infrared or coil type heat guns); chemicals; and, replacement of trim surfaces. Machine sanding and use of propane torches are not permitted. Washing and repainting without thorough removal or covering is not adequate.

Chewable surfaces are all chewable protruding painted surfaces up to five feet from the floor or ground which are readily accessible to children under seven years of age, e.g., protruding corners, windowsills and frames, doors and frames, and other protruding woodwork. The purchaser is required to test the lead content of chewable surfaces, unless abatement is performed without testing. Lead content shall be tested by using an x-ray fluorescence analyzer (XRF) or other method approved by HUD. Test readings of 1 mg/cm or higher using an XRF shall be considered positive for presence of lead based paint.

Where interior chewable surfaces are found to contain lead-based paint, all interior chewable surfaces in any affected room shall be treated. Where exterior chewable surfaces are found to contain lead-based paint, the entire exterior chewable surface shall be treated. Treatment of chewable lead-based paint surfaces shall consist of covering or removal of the painted surface as described above for defective paint surfaces.

In lieu of the procedures for testing the lead content of chewable surfaces, the Purchaser may forego testing and abate all interior and exterior surfaces by covering or removing the painted surface as described above for defective paint surfaces.

Treatment of chewable surfaces shall be included in the Purchaser's Schedule of Repairs and Improvements, which appears as Attachment 1 to the "Agreement for Sale and Rehabilitation of 1114 Princess Street, Alexandria, Virginia."

The Purchaser will provide the seller a copy of each inspection and/or test report.

Lead-based paint and defective paint debris shall be disposed of in accordance with applicable Federal, state or local requirements.
